

BACKBONE™ #10

Cases with Integrity

When you carry valuable electronics into the elements, you want a case that does more than one job. This is it. Our Backbone Case Size #10 is the perfect size for small devices, such as mobile phones, small digital cameras, portable GPS units and MP3 players.

We took the hazards of rough weather, rugged terrain, and rigorous physical activity into consideration when we designed it, so it does a few other things, too. Made of durable ballistic nylon, it has a soft "no scratch" interior to better protect the lenses, screens, and other sensitive surfaces of its contents. Its zippers are weather-resistant, the case itself is fully enclosed, and we've added an interior molded-foam "backbone" to protect your cargo from drops and impact.

This ultra-rugged holster also features a handy interior pocket to hold cash, credit cards, ID, or memory cards. Attach it to your belt or backpack strap with its super-strong rotating clip to keep it secure and at hand wherever life takes you.

- ⊕ All-weather protective carrying solution - features weather resistant zippers with sure-pull grips and weather resistant fabric.
- ⊕ Strong flex-clip design rotates 360 degrees and locks in 8 positions for ultimate comfort and versatility
- ⊕ Comfortable to wear on waistbands, backpack shoulder straps, or belts or up to 2 3/8"
- ⊕ Available in Black
- ⊕ External Dimensions: 4.5" x 2.75" x 1.5"
