

CLIP CASE

CARGO™ | TALL

Large-screen smart phones (iPhone®, Motorola Droid X, HTC Evo, and Samsung Epic 4G, to name a few) have beautiful, bigger displays that call for proper protection. The convenience and durability of our popular Clip Case Cargo, re-designed to accommodate the deluxe dimensions of large-screen smart phones with or without form fit covers. (Works great for smaller-sized GPS units as well!)

Made of extremely durable ballistic polypropylene and equipped with an enclosed bottom, this innovative, tough cell phone case for wider phones absorbs shocks and shields from the elements. It has a patented flex clip that attaches securely over and under your belt, fully rotates for access at any angle, and even locks in eight different positions. Two pockets on the case—one inside and one in the back—hold identification, cash and credit cards for extra convenience. And to top it all off, we've added our Tooth Ferry™ feature to keep your wireless headset or headphones safe and available.

Absolutely perfect for those who work and play in rugged environments, and don't want their valuable smart phones to suffer for it.
