

HIPCLIP™

Mobile Device Pocket Clip

With the Nite Ize® HipClip™, you and your mobile device can be joined at the hip, in good way.

Made of lightweight durable stainless steel, the Nite Ize® HipClip™ is a simple, sturdy spring-tension clip that comes backed with a thin strip of 3M®'s patented VHB® adhesive. Affix it to the back of your cell phone, mp3 player, or almost any lightweight item with a smooth flat surface, and you have instant "clip-ability."

The perfect choice for people who want to keep their mobile device at their side but without the added weight and bulk of a holster. The HipClip™ attaches to pockets, waistbands, and belts, interior compartments of purses, backpacks, and briefcases. Your device stays safely and securely in place.

- ⊕ Fits most mobile devices such as phones, MP3 players, or digital cameras.
- ⊕ Can be affixed to any hard-shell case or accessory you can think of and want to keep handy.
- ⊕ 3M® VHB® adhesive is incredibly durable – you can have 100% confidence that the clip will stay firmly in place.
