

## INOVA® XP™

HIGH-POWERED LED FLASHLIGHT

**Featuring the convenience of a pen light and the performance of a serious LED flashlight, you will never be without powerful illumination again.**

With its precision-machined aluminum body and stainless steel clip, the INOVA XP LED Pen Light is designed to fit comfortably in your pocket and be securely carried wherever you go. Sleek and compact, yet rugged enough to withstand serious use, its patented optical system, featuring a uniform focused spot with flood beam pattern, provides up to 144 lumens of super bright white light, with an effective range of 249 feet. Its dual-mode functionality provides long hours of either High or Low power light output, as well as a battery-saving lock-out mode. Impact and water-resistant, the INOVA XP is powered by 2-AAA alkaline batteries (included).
