SETUP

...that's it!

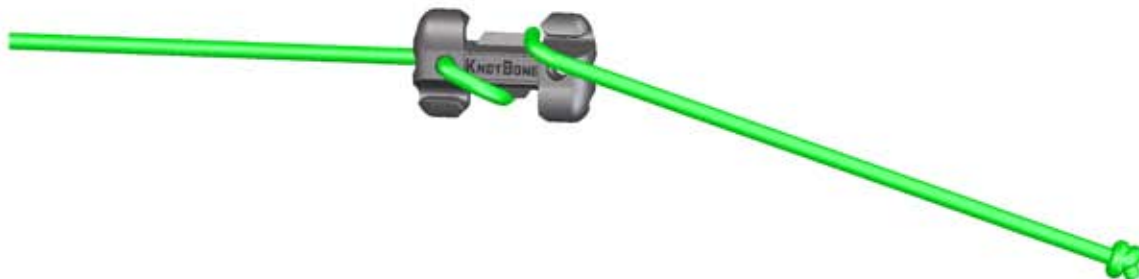

POSITION - WRAP - LOCK
are the basic techniques
used in the four guy-line configurations

position the KNOTBONE anywhere along the rope

wrap the rope around the center section of the KNOTBONE

lock the rope in either slot at the end of the KNOTBONE

...simple!

... more wraps more holding power ...

1/2 WRAP - light duty only

1 WRAP - normal holding power

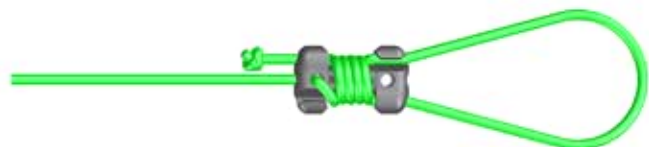

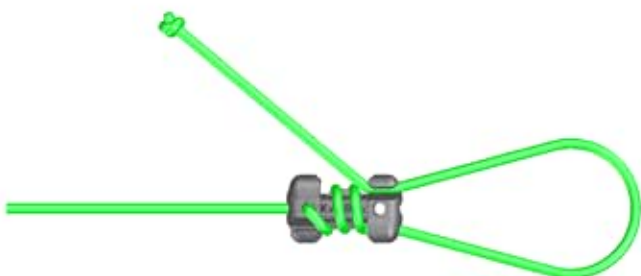

1 1/2 WRAPS - heavy duty holding power

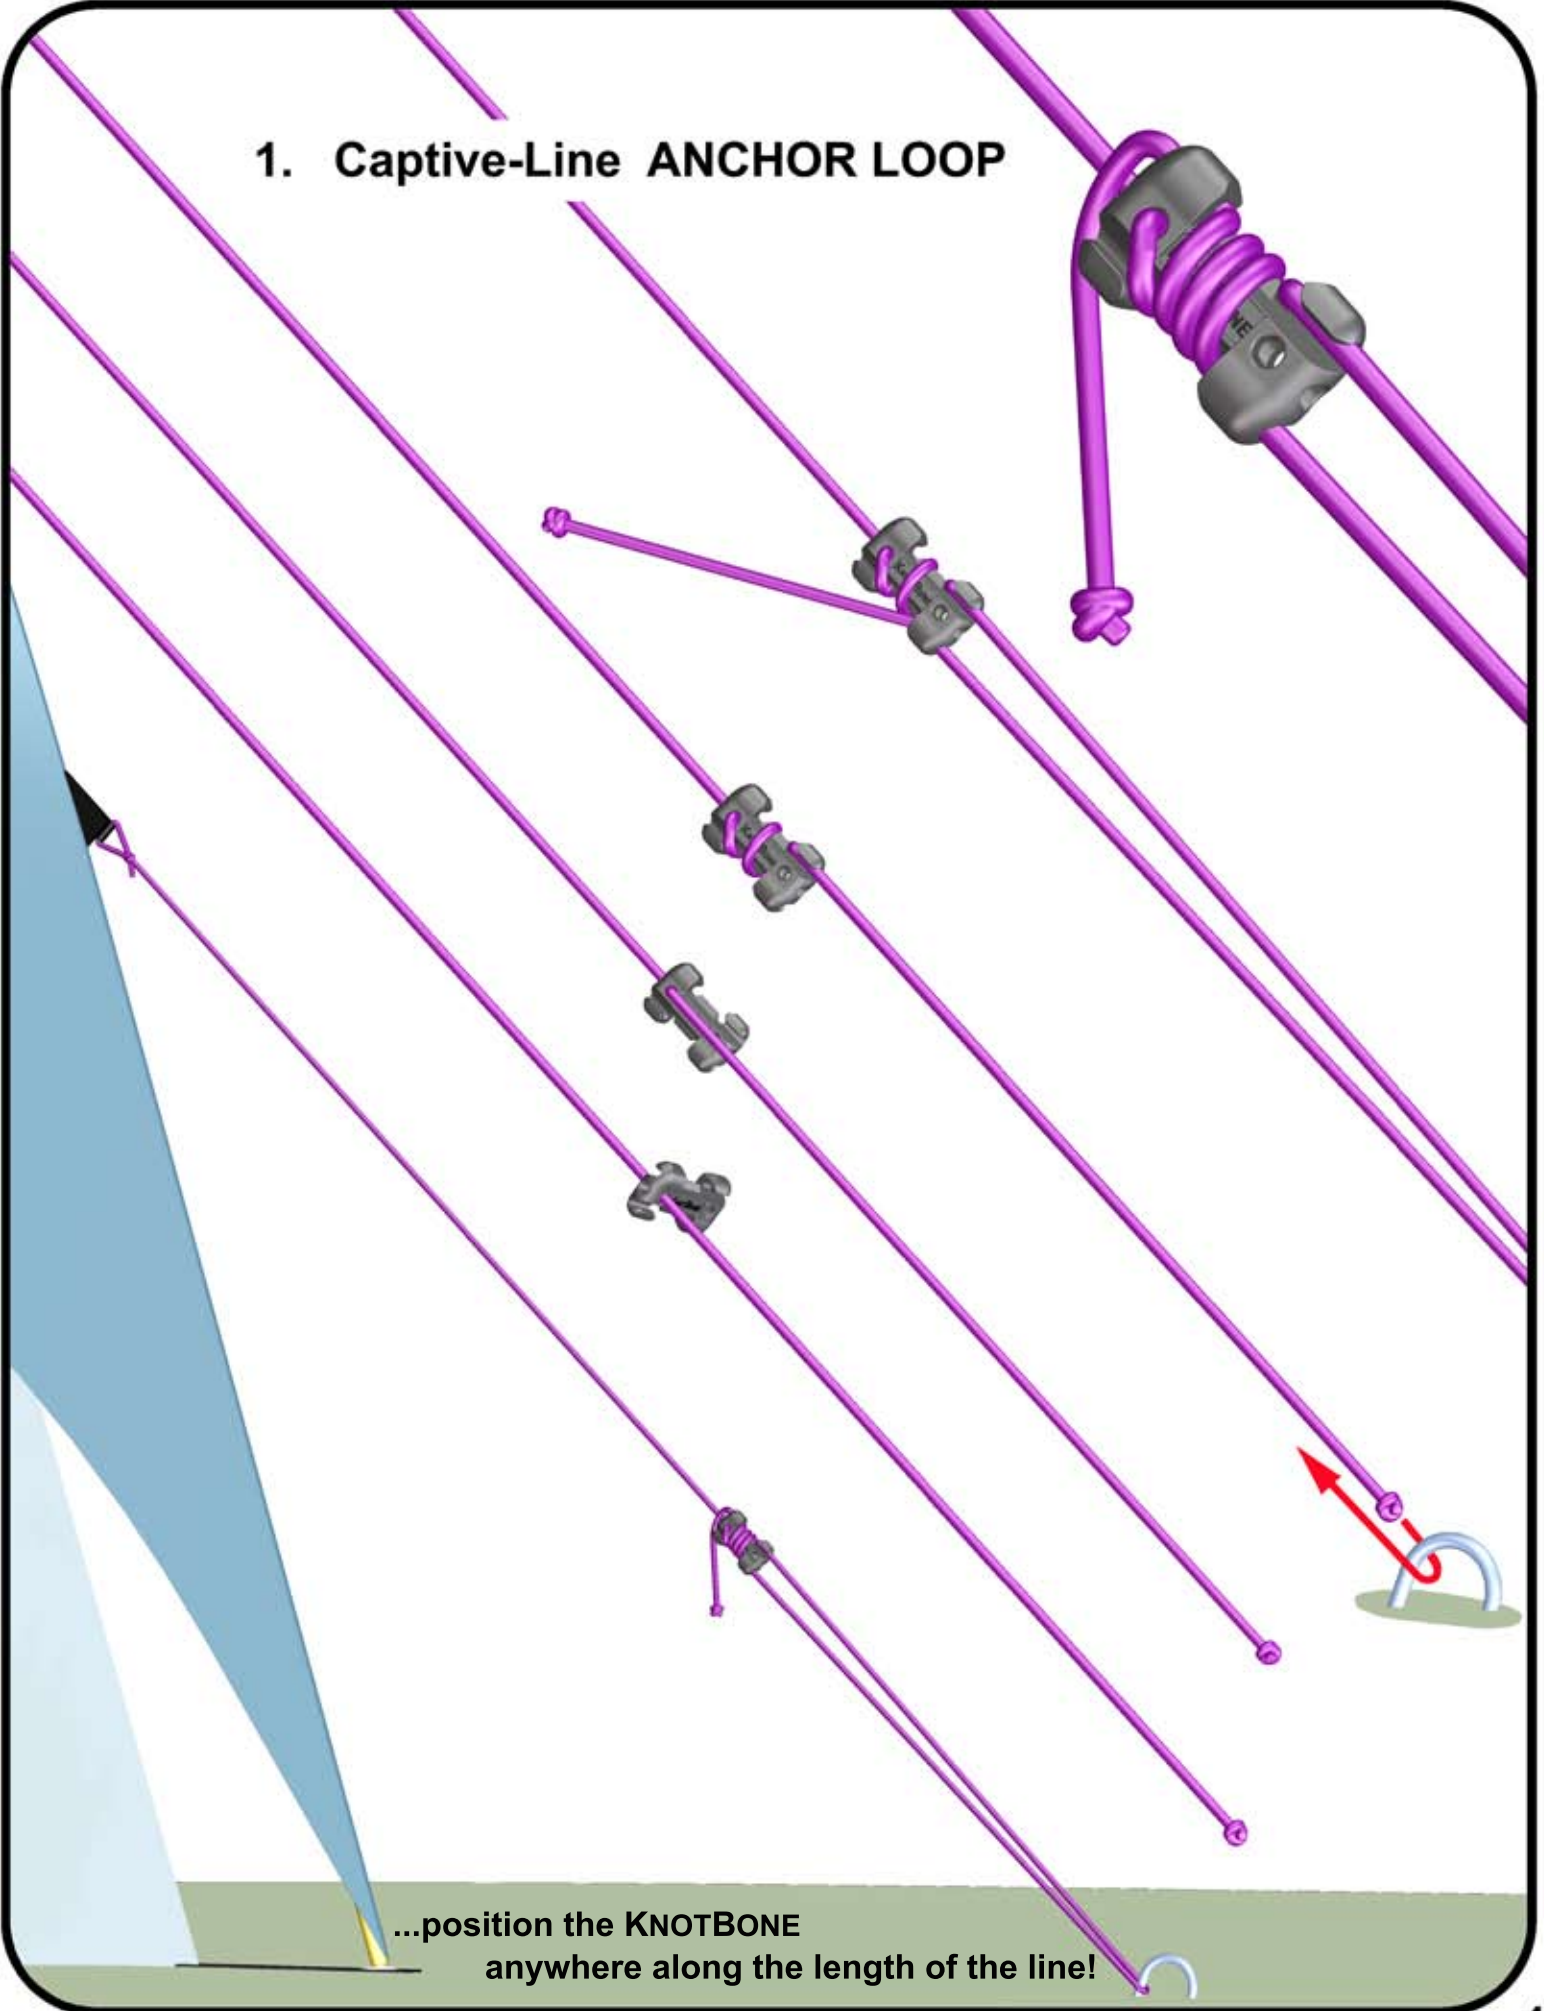

2 WRAPS - tenacious

... returning line wrap and locks to finish!

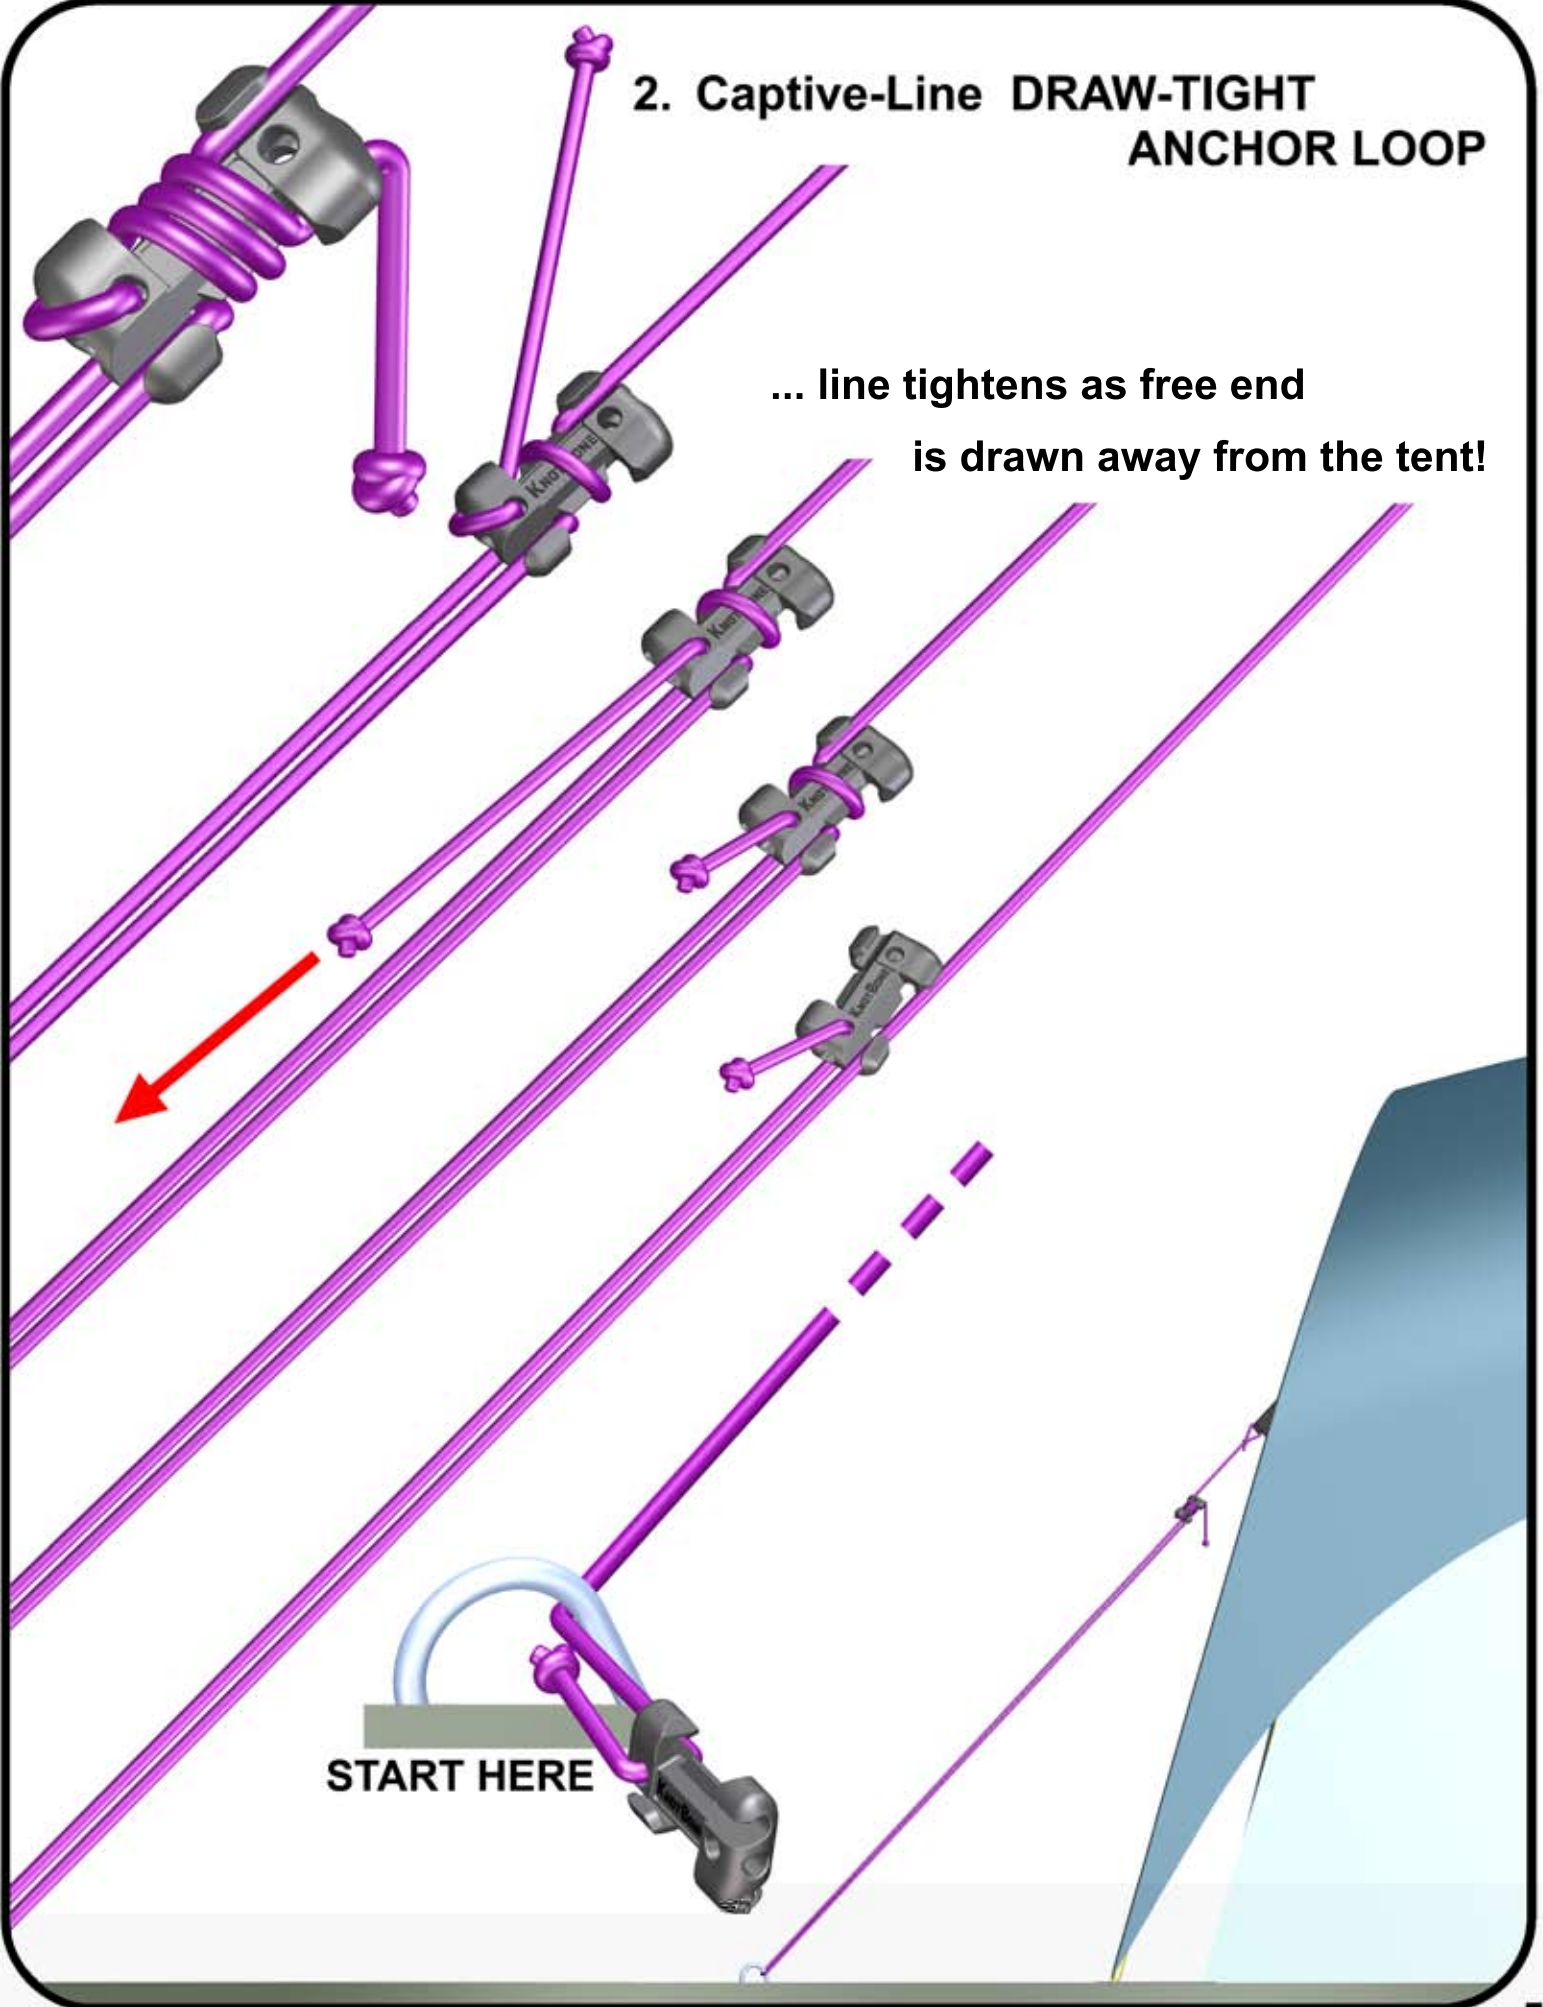

1. Captive-Line ANCHOR LOOP

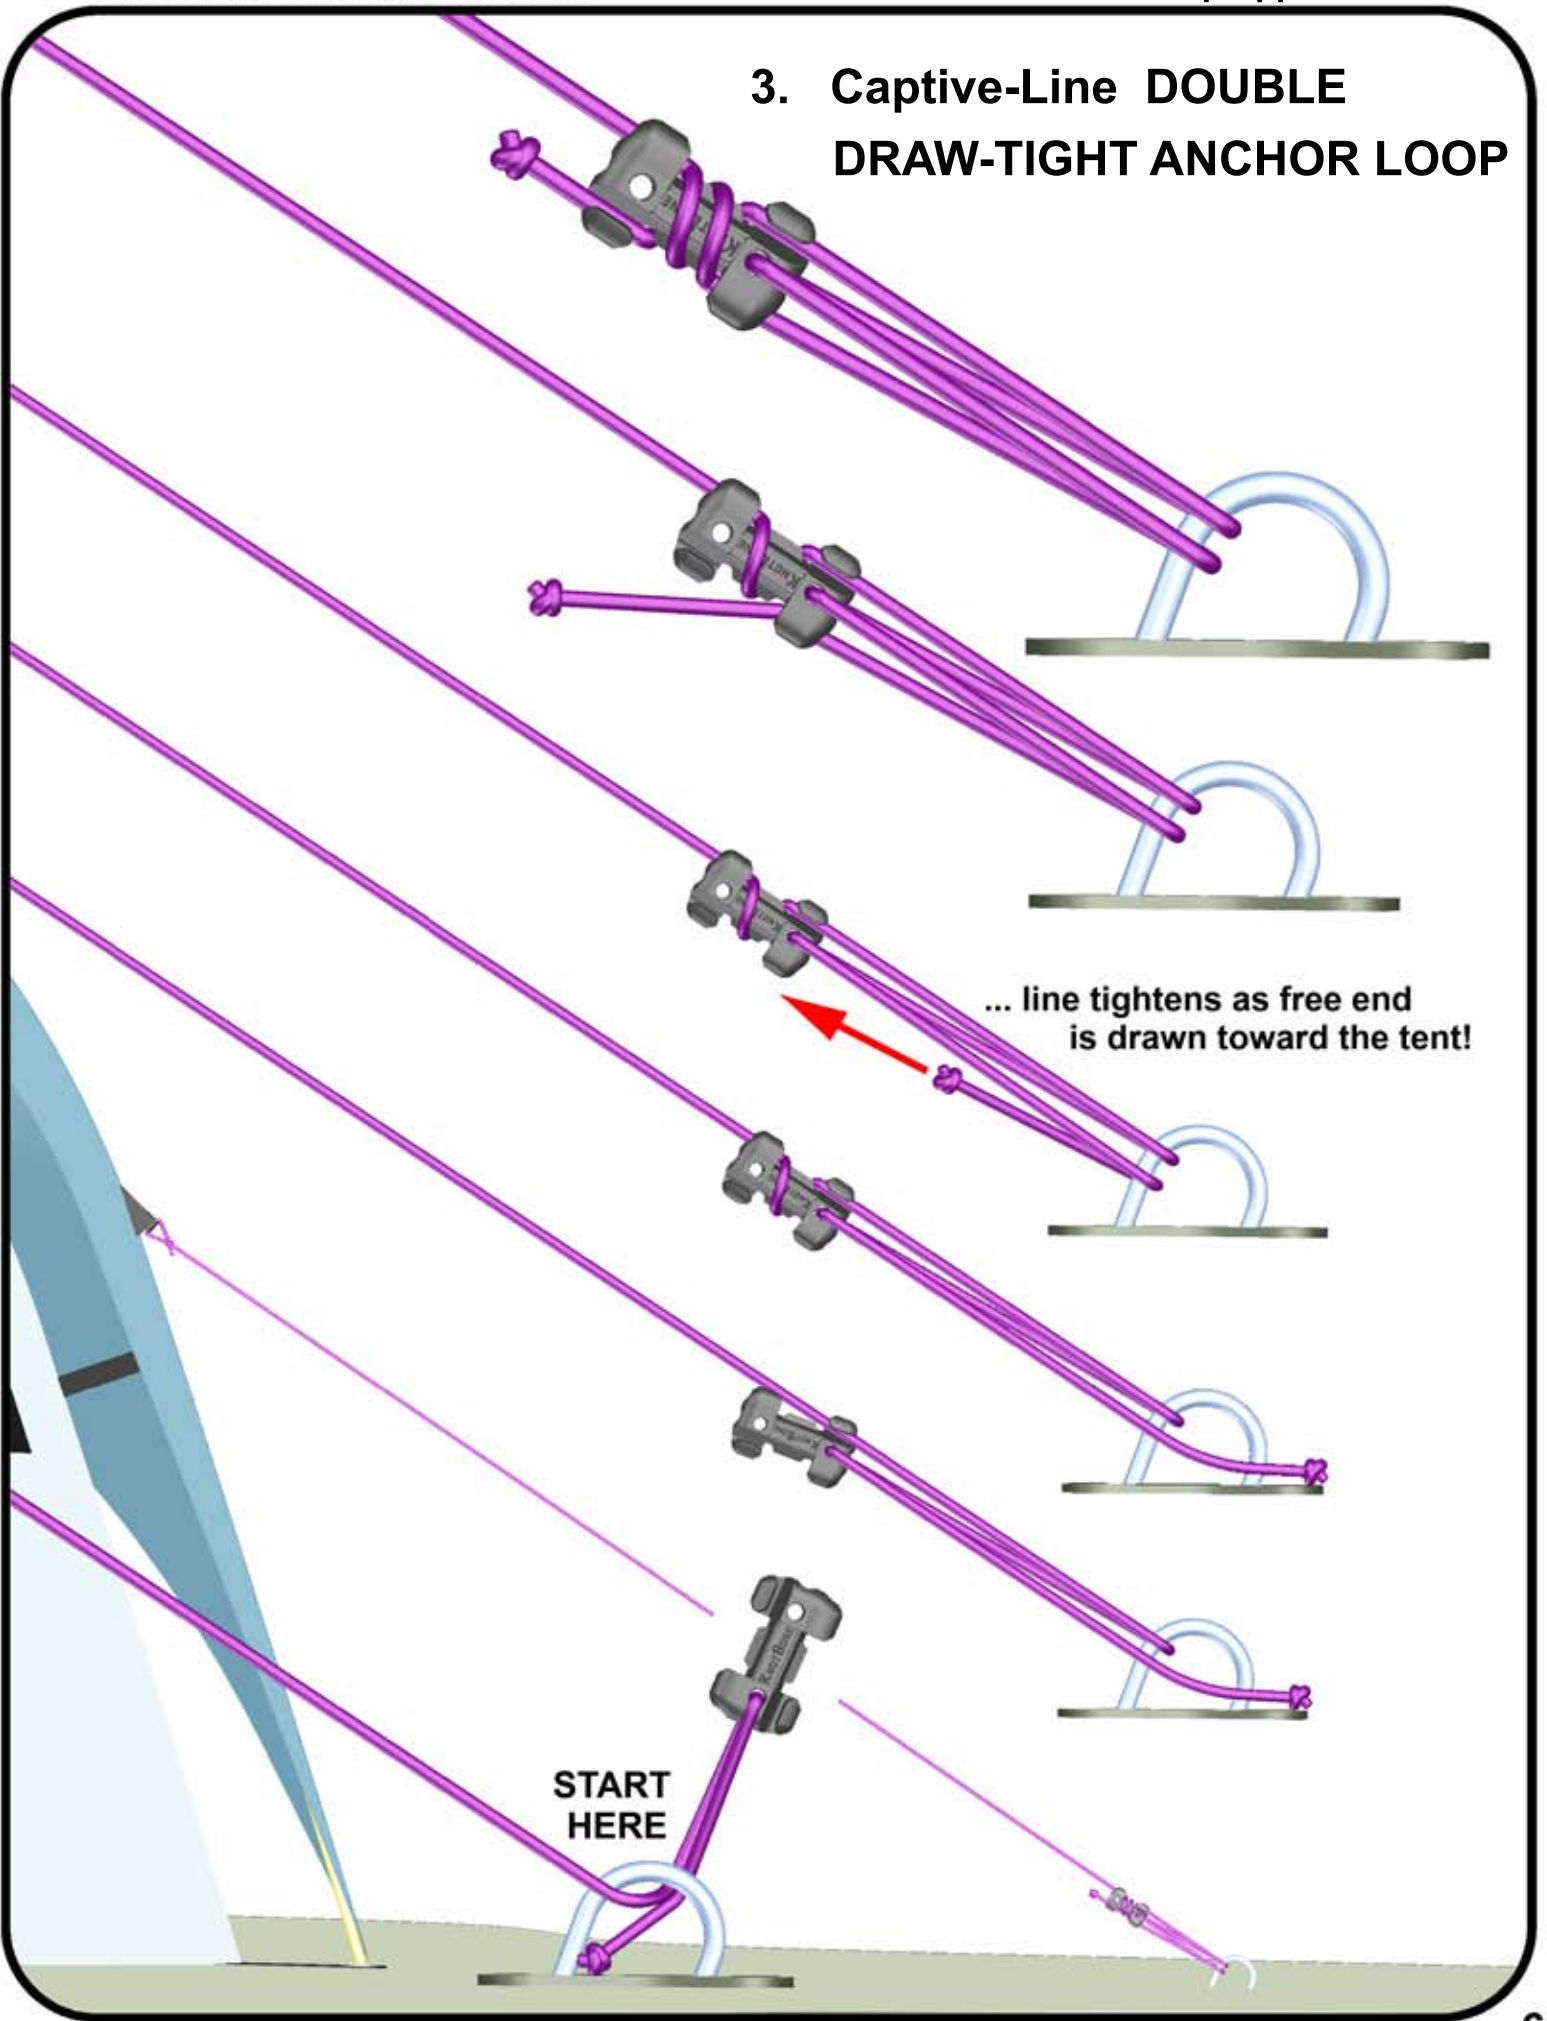

2. Captive-Line DRAW-TIGHT ANCHOR LOOP

... line tightens as free end
is drawn away from the tent!

3. Captive-Line DOUBLE DRAW-TIGHT ANCHOR LOOP

4. Captive-Line ANCHOR LOOP EXTENSION
