CONNECT CASE™

FOR iPHONE® 5/5S

The iPhone 5 & iPhone 5S are sleeker, smarter versions of the phone you love. We think they deserve a Connect Case of their own.

The iPhone 5 and iPhone 5S were designed with brilliant intention, for improved efficiency and smarter functionality. We designed the Connect Case for the iPhone 5/5S to both tailor its slimmer profile and mirror their exceptional technology. Made of high grade, shatterproof Lexan® polycarbonate, the Connect Case for iPhone 5/5S is slim, lightweight, durable, and practical. It offers serious protection from every day wear and tear, dependable shock- absorption, and a unique design that keeps your iPhone's features accessible at all times. The innovative flex-hinge design makes insertion and removal from the case quick and easy. Included with the case is the removable Connect Clip, so you can conveniently attach your phone to pockets, straps, or belts; a carry clip; and a custom sized, anti-fingerprint clear screen protector. Available in a range of eye-catching colors, the Connect Case has a soft-touch feel and positive diamond grip pattern in a slim-line design that complements the sleek size of the iPhone 5/5S.

We've also created some ingenious optional Connect accessories (think of them as apps for your case) that take connecting to a whole new level.
