

# PACK-A-POO™

## Stop the Smell

**The Nite Ize® Pack-A-Poo™: because it shouldn't stink to be a good citizen.**

Conscientious dog owners know that when we're enjoying the great outdoors with our canine companions and "stuff" happens, it's our #2 duty to scoop and dispose of that stuff properly. This is hardly our favorite job in the world, however. In fact, on long treks, when the nearest trash is far away, we think it stinks.

The lightweight, durable nylon Nite Ize® Pack-A-Poo™ is a fresh new solution to this smelly old problem. Its roomy, flexible interior pocket is lined with a specially designed metallic fabric that serves as a very efficient odor barrier. Place the filled, tied plastic bags inside, secure closed with the attached flexible Gear Tie®, and the Pack-A-Poo™ provides thorough "smell insulation" for the duration of your walk, hike, or run.

The Pack-A-Poo™'s exterior is also designed with versatile hands-free carry options: two S-Biner® double gated carabiner clips can be attached to your waistband, back pack, or your dog's leash. The back features a hook & loop belt loop allowing the Pack-A-Poo™ to be quickly attached or removed from your belt, a pack, waist strap or dog leash. Two front cargo pockets offer convenient storage for clean plastic bags, hand sanitizer, sunscreen or doggie treats. Weather-resistant and completely washable.

- ⊕ Convenient nylon carry bag with smell-proof aluminium lining. Pack-A-Poo™ offers multiple attachment options, so it can be carried hands-free.
- ⊕ Roll over and secure to lock away odor utilizing Gear Tie® Technology
- ⊕ Gear Tie® Reusable Rubber Twist Tie™ grips tight and features a strong internal wire that easily bends and holds its shape to keep the Pack-A-Poo™ securely closed
- ⊕ Durable nylon fabric – washable
- ⊕ Versatile Carry Options – 2 S-Biner® Clips included, plus flexible belt/leash loop
- ⊕ Convenient carry pockets for bags, hand sanitizer, etc.
- ⊕ Product Dimensions: 9.5" x 7.8" x 0.6"  
Weight: 0.05lbs
